Bag Limits and Regulations

Hunters may take bearded turkeys and gobblers only, and the daily bag limit is two on lands outside of the WMA system. On WMAs, you may only take one bird a day. The season and possession limit on turkeys is two, except in Holmes County, where it is one.

On lands outside of the WMA system and most WMAs, shooting hours are one-half hour before sunrise until sunset. There are seven WMAs where you can't shoot past 1 p.m., so check the WMA regulations brochure for the area you wish to hunt.

You're never allowed to bait on a WMA. When hunting turkeys on private lands where you are allowed to use feeders, you must be more than 100 yards away from a game-feeding station when feed is present.

License and Permit Requirements

In addition, to a hunting

license, you'll need to buy a turkey permit. If you plan to hunt on a WMA, you also must purchase a management area permit. These licenses and permits can be purchased with a credit card

at GoOutdoorsFlorida.com or by calling 888-486-8356. They can also be purchased in Florida at county tax collectors' offices and at most retail outlets that sell hunting/fishing supplies.
