SCHOOLS
Continued from page 1

Thursday afternoon.

According to Glover, the task force will begin meeting next Tuesday and Thursday (June 16-18) and again on July 7-9.

"We are happy to have some guidance from the state. We realize the best place for students is back in

school, but we also want to keep our students and staff safe," Glover added.

"We realize that one of our biggest challenges will be to address the needs of the students who have fallen behind after missing the last nine weeks of school," Glover said.

According to Florida Education Commissioner Richard Corocran,

DeSantis' plan provides health and instructional recommendations for reopening Florida's schools, aligned to the direction provided by the "Re-Open Florida Task Force's Safe, Smart, Step-by-Step Plan," the Florida Department of Health (FDOH) and the Centers for Disease Control and Prevention (CDC).

and mailing address is: Lee Davis, Vice President—General Manager, Foley Cellulose LLC, Foley Mill, 1 Buckeye Drive, Perry, Florida 32348. Facility Location: Foley Cellulose LLC operates the existing Foley Mill, which is in Taylor County at 1 Buckeye Drive in Perry, Florida. Project: The applicant proposes to redefine the capacities of the two bark boilers in terms of steam output, rather than fuel input. The applicant also proposes to replace the superheater section of the No. 1 Bark Boiler, and to reconfigure the pre-scrubber that aids in the control of emissions of sulfur-containing compounds. The project is expected to have a minimal impact on air emissions from the facility. Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210 and 62-212 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work. The Permitting Authority responsible for making a permit determination for this project is the Office of Permitting and Compliance in the Department of Environmental Protection's Division of Air Resource Management. The Permitting Authority's physical address is: 2600 Blair Stone Road, Tallahassee, Florida. The Permitting Authority's mailing address is: 2600 Blair Stone Road, MS #5505, Tallahassee, Florida 32399-2400. The Permitting Authority's phone number is 850-717-9000. Project File: A complete project file is available for public inspection

during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at the address indicated above for the Permitting Authority. The complete project file includes the Draft Permit, the Technical Evaluation and Preliminary Determination, the application and information submitted by the applicant (exclusive of confidential records under Section 403.111, F.S.). Interested persons may contact the Permitting Authority's project engineer for additional information at the address and phone number listed above. In addition, electronic copies of these documents are available on the following web site by entering the draft permit number: <https://fddep.state.fl.us/air/emission/apds/default.asp>. Notice of Intent to Issue Air Permit: The Permitting Authority gives notice of its intent to issue an air construction permit to the applicant for the project described above. The applicant has provided reasonable assurance that operation of proposed equipment will not adversely impact air quality and that the project will comply with all applicable provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296 and 62-297, F.A.C. The Permitting Authority will issue a Final Permit in accordance with the conditions of the proposed Draft Permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S., or unless public comment received in accordance with this notice results in a different decision or a significant change of terms or conditions. Comments: The Permitting Authority will accept written comments concerning the proposed Draft Permit for a period of 14 days from the date of publication of the Public Notice. Written comments must be received by the Permitting Authority by close of business (5:00 p.m.) on or before the end of this 14-day period. If written comments received result in a significant change to the Draft Permit, the Permitting Authority shall revise

the Draft Permit and require, if applicable, another Public Notice. All comments filed will be made available for public inspection. Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. A petition for administrative hearing must contain the information set forth below and must be filed (received) with the Agency Clerk in the Office of General Counsel, 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000, Agency_Clerk@dep.state.fl.us, before the deadline. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C. A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency identified and each agency's file or identification number, if known; (b) The name, address, any email address, telephone number

and any facsimile number of the petitioner; the name, address any email address, telephone number, and any facsimile number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so state; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice of Intent to Issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. Mediation: Mediation is not available in this proceeding.

"You are forever in our hearts"

Deaconess Virdie Lee "Kitty" Dobson
September 29, 1925-June 13, 2018

For all you were to us in life
And all the joy you brought,
Your memory is with us
In every single thought.
The pain we felt at losing you
Will never go away
But knowing that you're in our hearts
Helps us through each day.
When you were here we always felt
That nothing could go wrong
But you're still our inspiration
And your memory keeps us strong.
And though our hearts are heavy
It is also full of love,
And that is enough to comfort us.
For what a blessing from God that he allowed
You to live and to see all five of your children
And 14 of your grandchildren to be grown
and serving God was
Always your plan.

Rest on Mom, until the day we meet again.
Forever missing you,
Carl, Ronald, Bernie, Chenita and Sarita
