

New rules for student athletes and summer workouts; parental consent required for teens to have abortion

BEARS

Continued from page 3

professions licensed by the Florida Department of Business and Professional Regulation (DPBR) by adding endorsement and reciprocity provisions, removing supplemental business licenses and corresponding license fees, reducing licensure education requirements, and eliminating other licensure and registration requirements.

The bill passed 38-0 in

the Senate and 103-11 in the House. Montford and Shoaf both voted “yes.”

CS/HB 7011 - Zachary Martin Act

The “Zachary Martin Act” requires each public school that is a member of the Florida High School Athletic Association (FHSAA) to make its automated external defibrillator (AED) available on school grounds in a clearly-marked, publicized location for each athletic contest, practice, workout or conditioning

session, including those outside of the school year.

The bill requires, beginning June 1, 2021, a school employee or volunteer with current training in cardiopulmonary resuscitation and AED use to be present at each athletic event during and outside of the school year.

Additionally, the bill states the FHSAA must:

- Make training and resources available to each member school for the effective monitoring of heat

stress;

- Require member schools to monitor heat stress and modify athletic activities based on heat stress guidelines, including making cooling zones available;

- Establish hydration guidelines, including appropriate introduction of electrolytes; and

- Require each school’s emergency action plan to include a procedure for onsite cooling using cold-water immersion or equivalent means before transporting a student for exertional heat stroke.

The bill requires all students participating in conditioning and activities that occur outside of the school year to pass a medical evaluation prior to participation in such activities each year.

The bill passed unanimously in both the House and the Senate.

CS/CS/SB 404 – Abortion

The bill amends the “Parental Notice of Abortion Act” to add consent requirements and renaming the act as the “Parental Notice of and Consent for Abortion Act.”

The bill prohibits a

physician from performing an abortion on a minor unless the physician has received a notarized, written consent statement with specified language signed by the minor’s mother, father or legal guardian.

The bill includes several exceptions to the consent requirement, including medical emergency and if the minor petitions the circuit court and receives a judicial waiver.

The bill passed the Senate 23-17 and the House 75-43. Montford voted “no” and Shoaf voted “yes.”

CS/CS/HB 971 Electric Bikes

The bill addresses the definition and operation of electric bicycles (e-bikes) within a three-tiered classification system. The bill creates regulations governing the operation of e-bikes, affording an e-bike or e-bike operator with all of the rights and privileges, and subjecting them to all of the duties, of a bicycle or bicycle operator.

E-bikes are authorized to operate where bicycles are allowed, including, but not limited to, streets, highways, roadways, shoulders, bicycle lanes and bicycle or multi-use

paths. However, the bill provides that the new e-bike regulations do not prevent a local government from regulating the operation of e-bikes on streets, highways, sidewalks and sidewalk areas under the local government’s jurisdiction; or to prevent a municipality, county, or agency of the state having jurisdiction over a bicycle path, multi-use path or trail network from restricting or prohibiting the operation of an e-bike on such paths or trail networks.

The bill passed unanimously in both the House and the Senate.

CS/CS/HB 1259 – Incarcerated Pregnant Women

The bill amends s. 944.241, F.S., renaming it the “Tammy Jackson Healthy Pregnancies for Incarcerated Women Act.” The bill prescribes procedures for when a pregnant prisoner is placed in restrictive housing and requires detention facilities to adopt written policies about using restraints and body cavity searches on pregnant prisoners.

The bill passed unanimously in both the House and the Senate.

City Council is also set to take up face mask issue on July 14

FACE MASKS

Continued from page 1

The number is 1-917-900-1022, and the access code is 32347#.

The Perry City Council is also scheduled to discuss

a possible face mask requirement at its upcoming meeting on Tuesday, July 14.

A number of Florida counties have passed mask mandates in recent weeks as a result of a surge in the

number of new cases of COVID-19 being reported in the state. Leon County is the closest county with such a mandate, although similar rules are also in place in Gadsden County and the town of Apalachicola.

Film takes its music seriously

EUROVISION

Continued from page 12

and during their inevitable arguments.

Outside of those two, the biggest stand-out is Stevens, who just chews up the scenery whenever he is on the screen. In most films, he would be the primary villain, and although he does provide many of the stumbling blocks Lars and Sigrit face along the way, there’s a lot more to his character than I was expecting.

There is a villain of sorts, and it’s obvious he’s there so the story can claim the semblance of a plausible reason for the first act, namely why a band so obscure and moderately talented would end up at the Eurovision Song Contest. It’s a plot thread that is given the minimum amount of development and is eventually tossed aside when it’s no longer needed (although it does lead to a funny gag near the end).

My biggest issue with the movie is just how long it is. At two hours, it feels like a good 15-20 minutes could have been trimmed to help pick up the pace and streamline the script. Overall, the story feels scattered most of the time, and although that works to Ferrell’s strengths,

the movie does begin to lose some steam in the third act.

Although the movie is anything but serious, you can tell a lot of thought and effort went into the music. McAdams and Stevens are both dubbed over for their performances, and the songs in this movie are genuinely good music that should hold up well.

However, since McAdams -- or more accurately Swedish singer Molly Sandén (who provided her vocals in the movie) -- is so good, while Ferrell is just Ferrell, it does give some credence (intentionally or not) to what some characters say about Lars holding Sigrit back. I’d say it was unintentional because that particular story thread is never really resolved -- but then, there’s a lot in this movie that isn’t exactly resolved.

“Eurovision Song Contest” is a funny movie, and although it is a bit long, it does pack in a lot of laughs and some really good music. If you’re a fan of Ferrell, this is one you should definitely check out. And, even if you’re not, there’s still plenty to like here.

The movie is rated PG-13 for crude sexual material, including full nude sculptures, some comic violent images and language.

Regal will offer legacy movies

MOVIE THEATRE

Continued from page 12

requiring all patrons wear masks.

Regal recently announced in a series of tweets that it will be showing a collection of legacy films, including “Black Panther,” “Rocky,” “Unforgiven,” “The Empire Strikes Back,” “Batman Begins,” “The Dark Knight,” “The Dark Knight Rises,” “Inside Out” and “Jurassic Park.” Also included in the chain’s selections will be the Vin Diesel-led “Bloodshot,” which had just opened in theaters back in March

when everything shut down.

There’s hasn’t been much new on the CMX front, with company still in bankruptcy protection. However, the **Tuscaloosa News** did quote CMX’s vice-president of operations that they were targeting a mid-July restart, although that was before the most recent delays.

Of course, all of this is dependent on what happens next with the outbreak. Late last week, Florida took a step back in its re-opening plan for the first time, prohibiting on-site consumption of alcohol at all bars. If the numbers

continue to rise, it’s not hard to imagine other steps being taken, especially with large-population operations like movie theaters.

The major chains have announced comprehensive plans to keep everyone safe, including reduced capacity, ramped-up cleaning protocols and mandatory masks. Personally, I’d feel safer sitting a theater with at least one seat between me and anyone else than I would in a lot of other activities available to us these days. But, that’s just me. I’m nearing the four-month mark since my last trip to a movie theater.
