CIVIL AND STRUCTURAL ENGINEER-IN-TRAINING
We are looking for a Civil/Structural Engineer-in-Training to join the Big Top Team. The ideal candidate for this position should possess a strong structural design and architecture background. Solid knowledge in steel, concrete, and masonry are essential skills. Responsibilities include assessment, planning, and execution of structural designs on a wide range of projects. Majority of work will be designing or consulting on the installation of Shelter projects. Travel to project locations will be necessary. Must have experience in:
~ Metal Truss Structures
~ Commercial
~ Industrial
~ Government

Minimum qualifications and job responsibilities will also include:
• Designing structures to withstand pressures and forces which they must endure,
• Collaborating with other designers and/or architects as it relates to the safest designs and how they may fit in with the aesthetic concept of the construction,
• Applying expert knowledge of forces and their impact on various structures,
• Solid working knowledge in the strength of different materials (e.g. concrete, steel, or wood) and understanding of how their inclusion may necessitate a change of structural design,
• Analyzing suitable configurations of the basic structural components of a building or other structure,
• In-process inspections, as well as providing guidance/feedback to contractors. Educational Requirements: Bachelor's Degree in Engineering. Qualified applications can apply online at www.bigtopshelters.com/careers, or in person at Big Top Manufacturing, Inc. 3255 N US 19, Perry, Florida (by appointment only). EEO/AA/m/f/vets/disabled.
