week.

Both the individual and small business assistance programs will be overseen by Government Services Group (GSG),

the consulting firm hired by the county last year to manage its CARES Act allocation.

GSG representatives will be at the Perry-Taylor County Chamber of Commerce office Monday through Friday,

9 a.m. until 4 p.m.

Application packets are available for pick-up at the Taylor County Administrative Complex (201 E. Green St.), Taylor County Public Library (403 N. Washington St.), Taylor County Grants

Office (401 Industrial Park Drive) and the Perry-Taylor County Chamber of Commerce (428 N. Jefferson St.).

Applications are also available online at: [www.taylorcountygov.com/cares/](http://www.taylorcountygov.com/cares/).

For more information on the assistance programs, call (850) 403-0600 or e-mail [taylorcares@taylorcountygov.com](mailto:taylorcares@taylorcountygov.com).

Under the new programs, individuals

will be able to apply for a maximum of \$5,000 for up to three months of rental, mortgage and/or utilities assistance.

Small business owners will be eligible for up to \$10,000 in assistance.

**CIVIL AND STRUCTURAL ENGINEER-IN-TRAINING**

We are looking for a Civil/Structural Engineer-in-Training to join the Big Top Team. The ideal candidate for this position should possess a strong structural design and architecture background.

Solid knowledge in steel, concrete, and masonry are essential skills.

Responsibilities include assessment, planning, and execution of structural designs on a wide range of projects. Majority of work will be designing or consulting on the installation of Shelter projects. Travel to project locations will be necessary.

Must have experience in:

- ~ Metal Truss Structures
- ~ Commercial
- ~ Industrial
- ~ Government

Minimum qualifications and job responsibilities will also include:

- Designing structures to withstand pressures and forces which they must endure,
- Collaborating with other designers and/or architects as it relates to the safest designs and how they may fit in with the aesthetic concept of the construction,
- Applying expert knowledge of forces and their impact on various structures,
- Solid working knowledge in the strength of different materials (e.g. concrete, steel, or wood) and understanding of how their inclusion may necessitate a change of structural design,
- Analyzing suitable configurations of the basic structural components of a building or other structure,
- In-process inspections, as well as providing guidance/feedback to contractors. Educational Requirements are: Bachelor's Degree in Engineering.
