TAYLOR COUNTY DEVELOPMENT AUTHORITY
REQUEST FOR QUALIFICATIONS
LEGAL COUNSEL SERVICES

The Taylor County Development Authority (TCDA), a non-profit corporation whose purpose is to promote and increase quality economic development in Taylor County, Florida, invites statements of qualifications from attorneys and law firms to serve as its general legal counsel.

Services include advising the Board and staff; attending monthly Board meetings; preparing and reviewing contracts, resolutions, real estate documents, and economic development agreements; advising on public records, open meetings, ethics, and applicable laws; and providing other legal services as authorized by the Board.

Respondents must identify the attorney who will have primary responsibility for the engagement and confirm that the attorney is a member in good standing of The Florida Bar. Submissions should include the firm's contact information; resumes and relevant experience, particularly representing Florida public bodies and handling economic development and real estate matters; availability to attend meetings and respond promptly; three client references; disclosure of actual or potential conflicts of interest; and proposed hourly rates, any retainer arrangement, and reimbursable expenses.

Statements of qualifications must be RECEIVED by 5:00 p.m. Eastern Time on Wednesday, October 7, 2026. Submit one PDF by email only to a.portwood@tcdaperry.com, with the subject line "TCDA Legal Counsel RFQ." Submissions by mail or hand delivery will not be accepted. The deadline is for receipt, not transmission. Late submissions will not be considered.

TCDA will evaluate relevant experience and qualifications, ability to provide timely service, references, conflicts of interest, and proposed fees. TCDA may interview respondents and negotiate the scope of services and compensation. Any engagement is subject to Board approval and a mutually acceptable written agreement. TCDA reserves the right to reject any or all submissions, waive minor irregularities, and discontinue this solicitation. Respondents bear all costs of preparing and submitting their qualifications.

Submissions are subject to Florida's public records laws, except as otherwise provided by law. Questions should be submitted by email to a.portwood@tcdaperry.com.

FLORIDA GAS TRANSMISSION COMPANY, LLC
Proposed Project in Mississippi, Alabama, and Florida
The Filing – September 9, 2026

On September 9, 2026, Florida Gas Transmission Company, LLC (FGT) filed an application for a Certificate of Public Convenience and Necessity with the Federal Energy Regulatory Commission (FERC) to construct additional facilities to our existing interstate natural gas pipeline system. The project has been designated as our Phase IX Project and the application has been assigned Docket No. **CP26-578-000** at the FERC.

Florida Gas Transmission – Your clean energy partner

FGT is an interstate pipeline company with offices in Maitland, Florida, and Houston, Texas, and has employees at field offices along our vast pipeline system. FGT operates an approximately 5,366-mile natural gas pipeline system that runs from South Texas to Homestead, Florida. The FGT pipeline system has been safely supplying natural gas to Texas, Louisiana, Mississippi, Alabama, and the majority of Florida's natural gas needs for over 60 years through an extensive network of underground pipelines.

Phase IX Project – Its scope and purpose

The Phase IX Project proposal refers to FGT's proposal to add approximately 95 miles of mainline looping on its existing mainline system across 14 Counties in Mississippi and Florida, modify/add compression at FGT's existing compressor stations in 13 Counties in Alabama and Florida, add 2 new compressor stations in 2 Counties in Florida, to transport incremental capacity of up to 526,750 MMBtu/d of firm transportation service for power electric generation and supplying local distribution companies for homes, businesses, and essential industries.

FGT proposes to commence construction in the fourth quarter 2027, in order to meet the customer's requested in-service date for the project of December 1, 2028.

The purpose of the Phase IX Project is to provide additional firm transportation capacity up to 526,750 million British thermal units per day (MMBtu/d) of natural gas to be utilized by power electric generation and supplying local distribution companies for homes, businesses, and essential industries.

Planned construction in your area.

Please refer to the map below for the location of facilities to be constructed in your area. A copy of our FERC application is available for viewing at the following Public Library locations:

> See attached Library List

How to obtain additional information

FGT will also mail notices to affected landowners and governmental agencies describing the proposed Phase IX Project and providing additional information, including a copy of the FERC's brochure entitled "An Interstate Natural Gas Facility on My Land? What do I need to know?" This brochure, which answers many frequently asked questions, may also be accessed through the FERC website address www.ferc.gov using the "Landowner Resources" link and the Application can be accessed via the "eLibrary" link, respectively. Questions pertaining to interstate pipeline facility proceedings may be directed to the FERC's Office of External Affairs at (202) 502-6688 or toll free at 1-866-208-3372 (TTY 1-202-502-6595) or by mail at 888 First Street, NE, Washington, D.C. 20426.
